CLASS : 3

SUBJECT : COMPUTER SCIENCE

TOPIC : FUN WITH PAINT

WORKSHEET

SYNOPSIS:

- The Color Picker tool is used to copy color from a drawing.
- The selected color is set as Color 1 and can be used to draw or fill in shapes.
- This tool is found under the Tools group on the Home tab.
- The Magnifier tool is used to enlarge a part of the picture.
- This tool shows us a larger view of the drawing and is present in the Tools group under the Home tab.
- We must always select a picture to make any changes to a picture.
- We can select the entire picture or a part of it. For this, we have to use the Select tool.
- The Select tool if found under the Image group on the Home tab.
- There are two types of selection: Rectangular selection and Free-form selection.
- To deselect a picture, press the ESC key on the keyboard or click outside the selection area.
